DETAILED ACTION

This Office action is responsive to the amendment filed on October 15, 2003.

2. The following is an examiner's statement of reasons for allowance: The prior art taken either singly or in combination fails to anticipate or fairly suggest: a) the warp preventing sheet having a coefficient of elasticity substantially equal to that of the substrate, as recited in claims 2 and 8; b) the warp preventing sheet having a coefficient of thermal expansion substantially equal to that of the substrate, as recited in claim 3; c) a base of the warp preventing sheet being made of material identical with that of a base of the substrate, as recited in claim 4; and d) a base of each of the substrate and the warp preventing sheet being a polyimide resin, as recited in claim 5; especially when these limitations are considered within the specific combination claimed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
